

AMENDMENTS TO THE CLAIMS

The following listing of claims will replace all prior versions and listings of claims in the application.

LISTING OF CLAIMS

1. (Currently Amended) A set of golf club shafts adapted to connect to iron club heads, the set comprising:

a first shaft subset consisting of composite/metal combination shafts adapted to connect to iron club heads; and

a second shaft subset~~at least two subsets of shafts~~ selected from the group including:

a first shaft subset~~shafts~~ consisting of composite shafts adapted to connect to iron club heads; and

a second shaft subset consisting of composite/metal combination shafts; and

a third shaft subset~~second shafts~~ consisting of metal shafts adapted to connect to iron club heads.

2. (Currently Amended) The set of golf club shafts of claim 1 wherein:
one of said first and second shaft~~at least two subsets of shafts~~ have lengths within a first predetermined range; and

another of said first and second shaft~~at least two subsets of shafts~~ have lengths within a second predetermined range;

said first and second predetermined ranges being different.

3. (Currently Amended) The set of golf club shafts of claim 2 wherein:

said one of said first and second shaft~~at least two subsets of shafts~~
includes at least one of a 1 iron, a 2 iron, a 3 iron, a 4 iron, and a 5 iron; and

said another of said first and second shaft~~at least two subsets of shafts~~
includes at least one of a 6 iron, a 7 iron; an 8 iron, a 9 iron, and a wedge.

4. (Currently Amended) The set of golf club shafts of claim 3 wherein:

said one of said first and second shaft~~at least two subsets of shafts~~
includes said 3 iron, said 4 iron and said 5 iron; and

said another of said first and second shaft~~at least two subsets of shafts~~
includes said 6 iron, said 7 iron, said 8 iron, said 9 iron, and said wedge.

5. (Currently Amended) A set of golf ~~clubs~~club irons comprising:

a plurality of iron club heads having varying lofts; and

a plurality of shafts individually coupled to said plurality of iron club heads,
said plurality of shafts ~~including at least two shaft subsets selected from the group~~
including:

a first shaft subset consisting of composite/metal combination
shafts; and

a second shaft subset consisting of one of composite/metal
~~combination~~composite shafts; and

~~————— a third shaft subset consisting of metal shafts.~~

6. (Currently Amended) The set of golf ~~clubs~~ club irons of claim 5 wherein:
one of said first and second ~~at least two~~ shaft subsets are coupled to club heads having lofts within a first predetermined range; and
another of said first and second ~~at least two~~ shaft subsets are coupled to club heads having lofts within a second predetermined range;
said first and second predetermined ranges being different.

7. (Currently Amended) A set of golf ~~clubs~~ club irons comprising:
a first ~~material shaft~~ subset including ~~at least one of a 1 iron, a 2 iron, a 3 iron, a 4 iron, and a 5 iron; and~~
a second ~~material shaft~~ subset including ~~at least one of a 6 iron, a 7 iron an 8 iron, a 9 iron, and a wedge;~~
wherein:
all shafts in the first subset consist of one of composite shafts, composite/metal combination shafts, and metal shafts; and
all shafts in the second subset consist of another one of composite shafts, composite/metal combination shafts, and metal shafts;
such that the shafts in the first subset and second materials are different from the shafts in the second subset.

8. (Cancelled).

9. (Currently Amended) The set of golf ~~clubs~~ club irons of claim 7 wherein:
said first ~~material shaft-subset further comprises a~~ consists of composite
~~shaft-subset~~ shafts; and
said second ~~material shaft-subset further comprises a~~ consists of
composite/metal ~~shaft-subset~~ shafts.

10. (Currently Amended) The set of golf ~~clubs~~ club irons of claim 7 wherein:
said first ~~material shaft-subset further comprises a~~ consists of
composite/metal ~~shaft-subset~~ shafts; and
said second ~~material shaft-subset further comprises a~~ consists of metal
~~shaft-subset~~ shafts.
